## HOW TO DIAL CORRECTLY

### LOCAL AREA CALLS

For calls within your own exchange dial only the five figures of the listed number.

Please do not confuse the letters I and O with the figures ONE and ZERO.

### CALLS BEYOND LOCAL AREA

Dial the operator, give the exchange and telephone number being called, for example  
New Haven MAin 4-9099

and

your complete telephone number, for example

**NAtional 3-9099**

## EMERGENCY CALLS

The quickest way to report a fire or other emergency is to dial the number direct. A convenient space for entering such important numbers is provided below. However if you do not know the number, dial Operator and say: "I want to report a fire," "I want a policeman," or "I want an ambulance". Then tell the Operator where help is needed—giving the telephone number, street address, and the town or community from which you are calling.

## GENERAL INFORMATION

### Listen Before You Dial

Remove the receiver and listen for the dial tone—a steady humming sound. This indicates that the dial equipment is ready to take your call. Please do not dial until you hear it.

### How To Dial Another Party On Your Party Line

If you wish to know the names of the other parties on your party line, dial **114—Repair Service**—give your number and ask for the other parties on your line.

If you wish to call one of the parties, dial **114—Repair Service**—to obtain instructions for dialing.

Please enter the numbers given you on the Green Number Finder in this Directory.

If you experience a continual busy tone on a number you are dialing, it may be that the person you are calling is on your party line. This can be determined by dialing **114—Repair Service**.

If your bell rings upon hanging up after a busy signal, it may be that the party you were dialing is on your party line. In such case your bell will continue to ring at regular intervals until your party answers. Then remove your receiver and begin conversation. If the called party does not answer, please stop the ringing by removing your receiver for a couple of seconds.

### Recording Devices

A short high “beep” tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of a recording machine connected to the telephone line. The “beep” stops when the

recorder is disconnected. Use of a recorder without this signal is not permitted.

### Party-Line Courtesy

Satisfactory party-line service depends upon the cooperative use of the service by all on the line. Please give immediate right-of-way to emergency calls.

Before you dial, make sure the line is not being used. If someone else is dialing tell him you’ve interrupted and hang up. If someone interrupts while *you* are dialing, ask the other person to hang up; then replace your telephone for a moment and dial again.

### Directory Listings

Every customer may be listed once in the alphabetical section of the directory without charge. Additional listings may be arranged for at an extra charge.

The letter “b” following a name denotes that it is a business listing.

When you receive a new directory, we suggest that you check your listings. If they are incorrect, please call the Business Office so that we may change our records for the next issue and protect your service in the meantime. List frequently called numbers on Green Number Finder in this directory. List Fire and Police Numbers in box on front cover.

### Bills for Service

Bills are rendered monthly and are payable upon receipt. If you pay your bill in person please bring the whole bill with you. If you pay by mail, enclose only the bill stub with your remittance.

If you wish any information about your bill, please call the Business Office (see Page 1). Bills may be paid at any Business Office of the Company. Payments may be made in person at the locations listed on Page 1.

### STATION CALLS

Dial Operator

Station calls are those on which you will speak with anyone at the called telephone. The timing begins when the called telephone answers. These calls are handled most rapidly and at lowest rates.

### PERSON CALLS

Dial Operator

Person calls are those on which you ask the operator to call a particular person to the telephone or to reach a particular department or extension of a private switchboard. The timing begins when the desired person, department or extension answers. The initial charge is higher than for a station call.

### COLLECT CALLS

Dial Operator

If you want the charge for a call to be put on the bill of the called party, tell the operator when you make the call that it is a “Collect Call.” If someone at the called telephone agrees to accept the charges, you will be connected. Collect calls cost no more than other calls, except in the case of station calls having an initial period charge of 25c or less.

### APPOINTMENT AND MESSENGER CALLS

Appointment calls, when you ask the operator to arrange to complete a call to a particular person at a particular time, are made at the person rate. Messenger calls, when it is necessary to employ a messenger to call the designated person to the nearest telephone, are made at the person rate plus the charge made by the messenger.

### MOBILE SERVICE CALLS

Many automobiles, boats, trains and trucks are now equipped for mobile telephone service. To reach an equipped vehicle, dial the operator and ask for “Mobile Service Operator.”

### TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms by following the instructions shown under the telegraph company listings in this directory. The charges will appear on your telephone bill.

### CALLS TO SHIPS AND FOREIGN COUNTRIES

Dial Operator

You may call from your telephone to most foreign countries, subject to such restrictions as may be enforced from time to time by the authorities of the foreign country involved. Likewise, many ships in harbor or on inland waters or the high seas may be reached from your telephone.

## The Yellow Pages of This Directory ---- Your Buying Guide

The classified section of this directory—The Yellow Pages—includes the name, address, and telephone number of all business telephone customers in the area which this directory covers.

Businesses are listed in the Yellow Pages under headings which describe the product or service they sell. This provides you with a quick, convenient way to locate any business firm in the community. Simply look in the Yellow Pages under the proper heading. For example, if you want a carpenter, look under

Carpenters; or if you want to buy a radio, look for Radio Dealers. Under these headings you will find complete lists of the firms in each particular field, and you may make a selection according to location or other information furnished.

Periodic surveys show that 9 out of every 10 Connecticut people use the Yellow Pages. Business men know that the Yellow Pages are widely used and therefore provide much helpful information to aid you in choosing the firm to serve you.

Looking for Something? Try the Yellow Pages.

# How to use "The Yellow Pages"

**IF YOU HAVE FORGOTTEN AS A SHOPPING SERVICE**

If you can't recall the name of a particular firm but do remember the location just turn to the classified heading describing their business and check the list which will show the address you recognize. If, on the other hand, you have forgotten the address but remember the name, it is very easy to locate the firm in the comparatively small group listed under each classified heading.

Shopping by telephone saves both your time and energy. Just turn to the classified heading descriptive of the product or service you desire and there you will find a convenient, alphabetical list of dealers who are equipped to fulfill your needs as courteously and efficiently as though you had visited their places of business personally.

**FOR BRAND NAMES**

To obtain the local dealers of nationally advertised products or services, simply turn to the classified heading descriptive of the product or service, and there you will find an alphabetical list of the distributors, dealers or agents, making it easy for you to select the one who can serve you best.

**IN AN EMERGENCY**

When you need help in a hurry the lists under each Classified Heading are ready and waiting to help. Just turn to the heading descriptive of the service or product you need and select the firm who can give you prompt and efficient assistance.
